Deputron Hollow Property

There was some uncertainty about the boundaries of the Town-owned parcel in Deputron Hollow when some members of the CAC and other town residents visited the site several weeks ago. There is also uncertainty concerning whether there is one parcel or two, and whether some of it was conveyed to Palmer. Joel will ask the Town attorney for clarity, and will also call Millers to find out how much they would charge to mark the boundaries of the property.

Mary reminded us that we need to schedule an early-June visit to the site.

Conservation Easement Template

The remainder of the meeting was taken up with going over the sample easement and making tweaks. Mary is keeping track of the suggested changes.
