Minutes

April minutes moved as amended – approved unanimously.

Business

Ronda Roaring presented her vision for Deputron Hollow, which would include land acquired through donation, purchase and conservation easement with a small parking area, kiosk, educational brochure and trails.

We voted unanimously to move into Executive Session to discuss a possible easement/real estate transaction.

We came out of executive session.

Jack Miller has been appointed as the Town Board liaison. Jack indicated that he will not be available for the May or June meeting.

Another tree is being considered for our Danby Big Tree registry.

We had a short discussion about possible things we could do at Danby Fun Day. Maybe a slide show.

Submitted by Dan Klein, final changes by Matt Ulinski
